You can't walk past the smell of fresh cooking waffles without feeling the need to stop and grab one. Now with the full range of Neumarker Waffle Irons, you can offer your customers the same opportunity, to capitalise on a worldwide popular product.

A quality German engineered and made product by a family owned business that has been making waffle equipment for more than 115 years. Choose from a wide range of different styles of waffle irons to create the offer you want in your store.

- Also available in changeable plate machines
- Digital Timer to count-down waffle cooking times
- Heavy Cast Iron plates to ensure constant heat delivery and maximise output of product.
- Solid stainless steel construction, with the base separated from the cooking plates to increase lifespan.
- Range of accessories also available

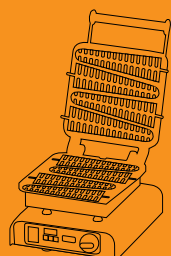

Double Version also available

Model	Dimensions	Voltage (V)	Power (kW)	Amps	Temperature	Weight (kg)
